- 66 **Headroom**  
A little light relief and your right to reply.

## Craft

- 20 **Sofita Music**  
New Athens facility has moved out to the old airport to maintain its international class.
- 40 **Ben Hillier**  
Blur's latest album has involved North London, Devon and Marrakech. The man behind the project talks of building studios and location.
- 44 **Studio maintenance**  
Keeping it working is as important as buying it in the first place. We ask you to prioritise your objectives.
- 48 **Sweet spot**  
The great low-frequency deception is highlighted and explained. The answer's in a bigger box.
- 54 **Post**  
Integration is the name of the game as networked file-based systems take over. Essence, metadata and the new acronyms explained.
- 58 **Before first light**  
From gig to DVD in less than 48 hours. Marillion's Butlins weekend is a case study in logistics and ambition.

## Business

- 52 **Self-release**  
After the majors and independents there is the self-release. We look at those who are doing it for themselves.
- 64 **Your business**  
Surround may not be new but it's still virgin territory for a lot of professionals. Are you clued up enough to spot the opportunity?

## Technology

- 60 **mLAN**  
The FireWire extension is coming of age and the new little socket is about to start appearing on all sorts of equipment.
- 62 **Slaying Dragons**  
How you hear is at least as important as what you hear. Appreciating this leads to better audio, says Watkinson.
